“ I do not know how Barney kept our old phone system up and running. We always knew when we had problems just call Barney, he would come with a smile and a solution. When I ask to take my old phone to the parking lot with a bat I was told no by my Director. Barney showed up a little later with a phone that I could smash, I declined but he would have let me. We three phone reps will miss you so very much. Thought and prayers are with the family.

“ I never, ever saw Barney Baker in any mood other than cheerful. He was a good friend and a man who loved his family so much. I know, because he was always telling me great things about his wife, kids and grand-kids, all the while fixing the "old" crazy phone system in the B.O. He was also a man of God, as evidenced by his words and his ways!

To Barney's family: You were lucky to have him in your lives and I will continue my prayers for your peace.

Barney, only you and I understood that crazy grid we made of all the lines and extensions, and now I'm not there and neither are you, and neither is the crazy old system! Time rolls on, and you've moved to another place and although you will be so very missed here on earth, I know we will meet again on that glorious day!

“ Terri & Family,
My heartfelt prayers go out to you during this time of sorrow. I know that there is some comfort in knowing that his soul is in heaven. Barney always had a smile and some advise for just about every situation. I remember gathering up news papers for him to take & use at the church fish fries. How he was always getting Terri a new creative bunt cake pan and so proud to show off the cakes and cookies that you would make. I will be praying for the "Peace that passes all understanding" to be with you.

“ I have worked with Barney for many years. First at Fowler Foods and then not too long after I started working at St. Bernards (10+ years ago)...there he was again! I do believe he could fix any piece of equipment. But more than that he always had a friendly smile and a kindness about him.

He will be greatly missed.

“ I've known Barney for over 15 years now. He was my first contact at Ritter that I can remember. I always enjoyed our conversation when he would come out. He was just here the week before the accident on a couple different occasions as we installed a new phone system and upgraded out fiber line. He was mad because there was a piece of equipment that he needed to finish the connection that he wasn't aware of. He made two trips to get everything right. He will truly be missed as I considered him not only a technician but a friend. I pray God's peace on the family.

“It's with a heavy heart that we say, "until later" to our friend Barney. Words can't express how much he meant to all of us. It's my prayer that the family knows how many people he touched. With that big laugh and easy smile, Barney made friends everywhere he went.

Barney has a family that has shown so much strength these past few weeks. I continue to be impressed with how they handled a situation that was so difficult. He had a special smile when he was talking about his family and I'm sure he's so proud of them now.

Peace Barney.

Until we meet again,

“Go with God my friend. You had all my respect as a "Telephone Man". I know what your God and your family meant to you. Thanks for your help in the past with things that just needed an extra head involved. When we put those heads together, there was nothing we couldn't solve.

“Teri and family,
Greg and I would like to express our deepest sympathies on the passing of Barney. I read something several months ago that stuck in my mind about death. "Death leaves a heartache no one can heal, but LOVE leaves a memory no one can ever steal." May your memories of Barney comfort you today, tomorrow, and beyond. Please know we will continue to lift you up in prayer. May the Lord bless each of you.

“ Oh Barney k.

There were stories you promised me about your time with mike in college. I probably didn't want to know. We had a great time on the canoe trip we all took together. You paddled and Terri rode.

You have been so very brave, and fought so hard.

You smile and Witt will be greatly missed.

Take care Terri and family. Come our way when you want to hear Barney stories. Mike has many.

All our love,

“ They say to never leave anything unsaid. I know why now. I kept waiting until the "right" time to apologize to you for the incident at Farr and now I have waited too long. I was 100% in the wrong and you took it so gracefully. I wish I could go back and fix it but that's not possible.

Please forgive me and know that I will miss you terribly. I value the time we had together and I am glad to have played a small part in helping you find your life mate.

Me and all the guys from Greenbriar are better people from having been your friends as are all the people in the Walnut Ridge and other areas whose lives you touched.

God Speed Barney K.
