Dear Betty, I will always remember walking into your room to answer your light and you would say here comes Trouble. I will remember our talks we would have when you needed someone to just sit and talk with you. I will also remember telling you I was leaving and that I would be back to visit and you told me you better. I'm sorry I never got the chance to come see you. But I know you are in a better place and free of pain and sickness. Thank you for making my 10 Months at the Nursing Home Good Ones. Until we meet again Rest In Peace Beautiful Angel. Fly High.
