“ I was so sad when I saw this. I only met Jessica one time when I was at the car dealership in town & she posted movies online for sale. We sat in her apartment & went through stacks of movies. She told me which ones she thought I'd like & which ones were no good! We laughed about the wrestling movies that she said were her brother's & she had no idea how she wound up with them! We talked about our love of books & reading & kinds of books we liked. It was a very pleasant visit. We stood outside & talked about how pretty the yards & flowers were. I returned home to Bono & after I watched one of the movies a few nights later that she had recommended,, something told me to message her & tell her how good it was. But I didn't. I wish I had. My deepest sympathy goes out to her family and friends for the loss of such a sweet and kind person.

“ *Jessica was a former student of mine. She was always in good spirits and ready to help others in her classes. She loved to have fun and enjoyed our classroom trips. Her fellow special Olympians and her shared many great memories together throughout the years. She will be greatly missed by her friends and former classmates. I, as her former teacher, will always value her as a student as well as my friend. She will be missed. Mrs. Brenda Brady*
