“ *The one thing I'll always remember, other than us becoming sisters.... and she mentioned it when I saw her.... I remember staying at her house along with Tammie and I was wrapped in a bed spread, placed belts around me then pushed me off the bed to see if I would bounce... LOL Yes we were yelled at for making such racket...but it was a good laugh.
She was like a sister and I will never forget her.
We shall meet again in gods place.
Love you Shelia

“ *I am so sorry for your loss I love you both and I cannot imagine what you and you family are going through Dale and Sons and Grandchildren. I know you will miss her and will find yourself listening for her voice but you will always remember that she is with our Lord and Savior now while she waits on us to join her some sweet day. Always enjoyed being around her and listening to her stories .*
