“ *Dad tomorrow you will be gone for one month and it just don't seem real . I miss you so much and its so hard to explain or to even say how much I love and miss you. I talked to mom today and it just breaks my heart because she is the same way, its like it hasn't hit us that your gone and we can never see your face or hug you again, hear your voice or know that your just there for us when we need you. I know your in a better place and your free of pain , but I miss you dad . I love you so much .*

Uncle Virgil is my favorite uncle. He always put a smile on my face and a laughter in the air that was contagious. This world will be a little less bright with out him in it. He was a loving husband, a wonderful dad and you would not find another man who was so dedicated to his grand babies and great grand babies. I am heart broken that me and my family were not able to be there today on the day you were laid to rest. I love you

“ Virgil and Dot were among the first people we met when we moved here. They were always laughing and managed to live every day to the fullest. I always liked to hear him laugh and tell his stories. I admired him for being such a family man, never any doubt about how much he loved his children and grandchildren. And especially Dot. He was so proud of each of you.

As difficult as it is for you all to give him up, know that he could never have stood losing any of you. Always be thankful that you had him and remember him with laughter.

I am sorry I never knew how sick he was, he never let on. It was a joy to have known him.

“ Grandpa Garvin was a good man! I don't know anyone who knew him that didn't like him! He always had a good story to tell that's for sure! He is like no other person I know! I will never forget all his crazy faces.. his whistle and his famous line.. "the thang about it is" ... He was never hard on us grandkids.. He was always very accepting of everyone and welcomed all kinds of people into his home no matter the background~ Sometimes its not until after someone passes that they are recognized for all the good they do.. and that is unfortunate... I hope he knew how special he was to many many people!

“ I met him when I was 13 years old and stayed with him and Dot with My sister Ginger when My 3 kids came to visit, He and Dot treated us like gold. My kids still talk a lot about their visit to their house. Miles and Michael were just rolling in the grass and Virgil said Them boys are gonna get tick bit and sure enough both of them were just covered in ticks. I will never forget this man who always made me laugh and was always so very kind to me and my Kids, Love and will see you again, Nona Rogers

I will miss him, I never knew when he was serious or joking. I would not have my home today if he had not taken a chance on me and sold me my first home, The Mansion.
